

Our vast electrical knowledge and mining experience have combined to bring valuable, customized products and services to our customers since 1998- allowing us to truly say "We have the technology."

What sets us apart

We specialize in application-specific equipment and develop industry leading solutions to solve our clients' needs, such as our Isolated Dual Switch House and Portable Power Supply.

We provide **immediate** and **reliable** customer support, most often with our knowledgeable staff expediting troubleshooting via telephone.

Products/Services:

- Power Centers
- High Voltage Switch Gear
- Motor Starting Systems
 - Soft starters
 - ATL
 - VFD
- Capacitor Banks
- Specialty Applications
 - Breaker Plugs
 - Temperature Systems
 - Ground Fault Devices

Power Centers

- Any combination of new OEM and fully reconditioned parts available. In-house reconditioned parts carry warranties longer than new parts.

Distribution Boxes

- From single circuit cable crossover boxes to 8-10 circuit distribution centers

A C Power Tech Inc. Portable Power Supply

- For remote 480/120 volt power applications

Isolated Dual Switch House

Innovative Design Includes:

- Smaller overall footprint
- Double the output capacity
- Electrically isolated to allow maintenance concurrently while energized
